"State and Revolution(ary) Reforms" Series

NPEC recently hosted the first two events of our three-part series, "State and Revolution (ary) Reforms". Recordings of these events are available at youtube.com/c/DemocraticSocialistsofAmericaDSA. Please consider using these in your chapter's political education work.

Did you attend one or both of these events? Have you discussed them with comrades locally? We'd love to hear your feedback. Please write us at npeccomms@dsacommittees.org, or consider submitting an event review for publication in Red Letter!

The third event in this series will take place on 4/28 and will be about the revolutionary potential of the Green New Deal. More details to come.

Apply to Join NPEC

If you have been organizing political education in your chapter and feel like you could help support chapters all over the country with their political education, consider applying for the National Political Education Committee!

JOIN THE NATIONAL POLITICAL EDUCATION COMMITTEE!

Applications open until April 25 2022

The NPEC creates out-of-the-box curriculum materials for chapters around the country to use. We host national (and international) events with a broad range of speakers. We've led trainings for chapter leaders and political educators around the country, such as: how to run a Socialist Night School, how to facilitate, how to write and give speeches. We have our own political educators' newsletter, are launching our own podcast next month, and contribute frequently to Democratic Left. If any of that sounds like something you would like to get involved in this year—send us your application!

Visit our website for application and registration links for NPEC info sessions on April 23 and April 24:

If you join us please expect to attend the National Political Educators Conference (online) in May. Applicants will be notified of acceptance via e-mail by May 9th and invited to the conference.
